Fujita Health University (FHU) Alumni Association

Asian Congress of Neurological Surgeons (ACNS)

Asian Congress of Neurological Surgeons (ACNS) Young Neurosurgeons Committee

Asian Congress of Neurological Surgeons (ACNS) Women in Neurosurgery Committee

WELCOME REMARKS

I'm delighted to invite FHU Alumni members, young neurosurgeons and neurosurgical residents and all my esteemed guest speakers to join the 8th Fujita Bantane Winter Seminar. This year marks the 10th Anniversary of Fujita Bantane Winter Seminar with the tagline ""A Real Borderless World of Neurosurgery: Together We Learn".

This event is held at the Fujita Bantane Hospital in Nagoya, Japan. We have hands-on workshops on endovascular catheterization technique, coil and stent deployment, thrombectomy, endoscopic evacuation of intracranial hemorrhage and endoscopic third ventriculostomy, vascular anastomosis and skull base drilling demonstration. We shall have many lecture sessions by the experts, both online and physical sessions. There shall be the Fujita alumni presentation session with a dialog session, young neurosurgeons' oral presentation and visit to other University Hospital. Special recursion has been planned for all participants, to the Gamagori seaside. We also shall be hosting a welcome dinner on 9th February and a farewell dinner on 12th February 2025.

I would also like to convey my sincere gratitude to my assistant, Mr. Takonori Sato, my staff at the Department of Neurosurgery, Fujita Health University Bantane Hospital, the administrators of the hospital and all the faculty members for your contributions in ensuring the success of this seminar. I hope all participants will benefit from the seminar and have enjoyable moments in Nagoya.

Thank you.

Best wishes

Yoko KATO, M.D., Ph.D.

President, International Society on Minimally Invasive Neurosurgery (ISMINS)

President, Asian Congress of Neurological Surgeons

Professor and Chair, Department of Neurosurgery, Fujita Health University Bantane Hospital, Nagoya, Japan

Head of Fujita Health University Bantane Hospital, Stroke Center, Nagoya, Japan

Assistant Director, Fujita Health University Bantane Hospital, Nagoya, Japan

Overall Program

Date	Session	Program
8 th Feb 2025	Afternoon	Registration Opening Ceremony Workshop: IVR hands-on, Vascular bypass, Neuro-endoscopy (ICH removal and ETV), Skull Base Drilling (Video demonstration) Online session
9 th Feb 2025	Morning	Online session On-site Symposium
	Afternoon	Onsite Symposium Online session Welcome Dinner
10 th Feb 2025	Morning	Online session On-site symposium and Live surgery (FHU Main and Bantane)
	Afternoon	On-site session Round table discussion of Future Fujita fellowship Online session
11 th Feb 2025	Morning	Excursion (Gamagori sea side):one hour bus trip
12 th Feb 2025	Morning	Online session Alumni session, Live surgery and IVR day
	Afternoon	YNS Presentation
	Evening	Farewell Dinner Alumni members and YNS award session
13 th Feb 2025	Morning	Online session Symposium Closing ceremony and Feedback Session
	Afternoon	End of Seminar

February
8th-13th
2025

8th February 2025 (Saturday)

Date	Speaker	Topic/Program
Session 2: Online symposium (Conference room: 5th Floor of Conference Building) 8 speakers		
Chairs: Prof. Ittichai and Prof. Raja. Commentators: Prof. Alberto and Dr. Huy Pham (12 min Talk time + 3 min Q&A)		
Time	Speaker	Topic
16:00-16:15	Junichi Mizuno	Surgical tactics for cervical OPLL
16:15-16:30	Krish Sridhar	Techniques in microvascular decompression surgery for tinnitus
16:30-16:45	Artur Xhumari	Pituitary adenoma surgery
16:45-17:00	Manabu Kinoshita	The basics of MRI for glioma imaging
17:00-17:15	Mahmood Qureshi	Awareness of anatomical differences in the pediatric patient enhances safety during neurosurgical procedures
17:15-17:30	Mynzhylky Berdikhojayev	Meningioma embolization
17:30-17:45	Yi Guo	Microsurgical clipping of basilar apex aneurysms
Session 3-1: Skull Base Drilling Demonstration (Conference room: 5th Floor of Conference Building): 1 H		
Instructor: Prof. Naoki Otani		
Time	Speaker	Topic
17:45-18:00	Naoki Otani	Lecture
18:00-19:00	Naoki Otani	Skull base drilling demonstration
Session 3-2: Special Lecture (Conference room: 5th Floor of Conference Building): 15 minutes		
Chairs: Prof. Maruf and Prof. Alberto Commentators: Dr. Mohira and Prof. Raja (12 min Talk time + 3 min Q&A)		
19:00-19:15	Kotaro Tatebayashi	Diagnostic angiography and angioanatomy
19:15	End of Day 1

Session 4: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers		
Chairs: Prof. Ahmed Ansari and Dr. Petra Commentators: Prof. Ishu and Dr. Kapil (12 min Talk time + 3 min Q&A)		
Time	Speaker	Topic
07:30-08:00		Registration and housekeeping announcement
08:00-08:15	Michael Lawton	Clip Reconstruction Techniques for Complex Aneurysms
08:15-08:30	Akitsugu Kawashima	Lateral Supraorbital Approach for anterior circulation aneurysm
08:30-08:45	Mizuho Inoue	ZAP-X Treatment for Intracranial Meningiomas
08:45-09:00	Mustafa K. Baskaya	Upfront Microsurgical Treatment of Blood blister-like Intracranial Aneurysm
09:00-09:15	Hidehito Kimura	Advancements in contemporary vascular neurosurgery: Ensuring safety and minimally invasive procedure
Session 5: On-site symposium (Conference room: 5th Floor of Conference Building): 4H		
Chairs: Prof. Maruf and Prof. Alberto Commentators: Dr. Mohira and Prof. Raja (12 min Talk time + 3 min Q&A)		
Time	Speaker	Topic
09:15-09:40	Shigeru Miyachi	Endovascular treatment for recurrent cerebral aneurysms
09:40-10:00	Shigeru Miyachi	Treatment for AVMs
10:00-10:15	Kojiro Wada	The usefulness of the trans-styloid diaphragm approach for high-position plaque carotid endarterectomy
10:15-10:30	Takehiro Uda	Surgical aspects of epilepsy surgery
10:30-10:45	Shunsuke Nakae	Surgery of the medial temporal lobe and insula with lesion
10:45-11:00	Naoki Otani	Surgical technique and tips for craniovertebral junction lesions
11:00-11:15	Tsutomu Yoshikane	Aesthetic consideration in open surgery
11:15-11:30	Tadashi Watanabe	Combined exoscopic and endoscopic approaches
11:30-11:45	Tatsushi Inoue	The endoscopic approach for ventral craniovertebral junction lesions performed by spinal neurosurgeons
11:45-12:00	Mari Kusumi	Appropriate surgical strategies to avoid complication in skull base meningiomas: optimizing vascular and cranial nerves preservation
12:00-12:15	Nobuhito Morota	Endoscopic techniques in pediatric neurosurgery
12:15-12:30	Nobuhito Morota	Foramen magnum decompression in the pediatric craniovertebral junction surgery
12:30-12:45	Tsutomu Ichinose	Surgical anatomy of submandibular area for carotid endarterectomy and high flow bypass
12:45-13:00	Kento Sasaki	Computational Fluid Dynamics Analysis for Predicting Microaneurysm Formation in Parent Arteries of Unruptured Cerebral Aneurysms: Implications for Neck Clipping Safety
13:00-13:30	Lunch symposium by Prof. Takashi Kenmochi on "organ transplantation " (30 minutes) Chairs: Prof. Raja and Prof. Alberto Discussants: Prof. Ishu and Dr. Thomas Tommy	
13:30-13:45	Hitoshi Fukuda	Surgical nuances of high flow bypass and interposition radial artery graft
13:45-14:00	Kenichi Haraguchi	Endovascular treatment of cerebral aneurysm using the transradial approach

Time	Speaker	Topic
14:00-14:15	Takizawa Katsumi	Dealing with Unexpected Intraoperative Bleeding in Aneurysm Surgery
14:15-14:30	Takashi Sugawara	Surgical strategies and techniques for the lesions in and around the cavernous sinus
14:30-14:45	Soichi Oya	Treatment strategy combining bypass surgery and endovascular surgery for complicated aneurysms
14:45-15:00	Naoya Kuwayama	Neuroendovascular Treatment: General considerations
15:00-15:15	Naoto Kimura	Mechanical thrombectomy
15:15-15:30	Ryo Yoshimura	PTAS for extra and intracranial cerebral arteries
15:30-15:45	Wataro Tsuruta	Endovascular aneurysm treatment
15:45-16:00	Akioka Naoki	Treatment of dural AV fistulas
16:00-16:15	Tetsuro Sameshima	Surgical management of giant sphenoid ridge meningiomas -Recent 11 cases
Session 7: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers		
Chairs: Dr. Kapil and Prof. Ishu Bishnoi Prof. Alberto and Prof. Bin Xu (12 min Talk time + 3 min Q&A)		
Time	Speaker	Topic
16:15-16:30	Ken-ichiro Kikuta	Bypass surgery using exoscope "Orbeye": Tips and results
16:30-16:45	Hiroyoshi Akutsu	Endoscopic endonasal surgery for skull base tumors
16:45-17:00	Hiroharu Kataoka	Molecular pathophysiology of intracranial aneurysms
Session 6-2: On-site symposium (Conference room: 5th Floor of Conference Building): 15 min		
17:00-17:15	Takeo Goto	Endoscopic keyhole anterior petrosal approach to the tumors around the petrous apex
18:00-21:30	Welcome Party

Time	Speaker	Topic		
07:30-07:45		Registration and housekeeping announcement		
07:45-08:00	Alvaro Campero	Usefulness of retrosigmoid approach in the treatment of meningiomas of the petroclival region		
08:00-08:15	Yoichi Morofuji	Diagnosis and treatment strategy for dural arteriovenous fistula		
08:15-08:30	Apio Antunes	Long term results of endoscopic endonasal treatment of secreting pituitary tumours		
08:30-08:45	Nirav J Patel	Surgical AVM techniques for resection: How to avoid embolization AND achieve safe results		
08:45-09:00	Sabareesh K. Natarajan	Endovascular Treatment of Chronic Subdural Hematomas: How it has changed my practice?		
Session 9: On-site symposium (Conference room: 5th Floor of Conference Building): 4H 15 min				
Chairs: Dr. Thomas and Dr. Afsa		Commentators: Dr. Giovanni Raffa and Prof. Ishu (12 min Talk time + 3 min Q&A)		
Time	Speaker	Topic	Live Surgery	
09:00-09:15	Xu Bin	Hemodynamic changes in Moyamoya bypass	Live Surgery (Pre-op case discussion)/ Live IVR Cases (1 case) at FHU Bantane Live surgery at the FHU Main Hospital -SCTT (Supracerebellar transtentorial approach) resection by Prof. Shunsuke Nakae and Prof. Takehiro Uda (Limited to 3 students- please register your interest at the registration counter)	
09:15-09:30	Fusao Ikawa	Brain Dock System in Japan		
09:30-09:45	Calvin Mak	Endoscopic Transorbital Surgery - a paradigm shift for minimally invasive cavernous sinus surgery and beyond		
09:45-10:45	Hirotooshi Sano	The Pearl of aneurysm surgeries after 5.000 cases		
10:45-11:00	Akio Hyodo	The role of the new devices for the treatment of cerebral aneurysms		
11:00-11:15	Xu Bin	Hybrid treatments for complex aneurysms		
11:15-11:30	Fusao Ikawa	Preoperative simulation and sharing experience system of skull base surgery for cerebral aneurysm		
11:30-11:45	Yoko Kato	Current management of cerebral aneurysm		
11:45-12:00	Takayuki Hara	Direct surgery or hybrid treatment for the complex cerebral aneurysms in the hybrid OR system		
12:00-12:15	Ashish Kumar	Endovascular Management of SDH: The current evidence		
12:15-12:30	Giovanni Raffa	Neuromodulation and preoperative brain mapping in patients affected by brain tumors in eloquent areas		
12:30-12:45	Kostadin L. Karagiozov	Pathophysiology and Clinical Management of iNPH: Its Present and Future		
13:00-13:30	Lunch symposium by Prof. Vincent Ng Yew Poh on “Unruptured Cerebral Aneurysms: To Treat or Not to Treat? Navigating the Fine Line Between Risk and Intervention (30 minutes) Chairs: Prof. Raja and Prof. Alberto Discussants: Prof. Ishu and Dt. Thomas Tommy			
13:30-13:45	Ruzan Nazinyan	Principles and Challenges of Dural Closure		
13:45-14:00	Special Presentation of current FHU Bantane Fellow, Dr. Ruzan Nazinyan on Experiences during fellowship at FHU Bantane

10th February 2025 (Monday)

Date	Speaker	Topic/Program
Session 10-1: On-site symposium (Conference room: 4th Floor of Main Building): 1H		
Chairs: Dr. Jeremy and Dr. Liew		Commentators: Prof. Raja and Dr. Huy Pham (12 min Talk time + 3 min Q&A)
Time	Speaker	Topic
14:00-14:15	Masaru Abiko	Skull base techniques in vascular surgery
14:15-14:30	Yasutaka Imada	Trans-sylvian approach based on the anatomical knowledge
14:30-14:45	Hidehito Kimura	Clinical applications of Computational Fluid Diagnostic Analysis for microsurgical clipping of cerebral aneurysms
Session 11: FHU Alumni Round Table Discussion (Conference room: 4th Floor of Main Building): 45 min		
Moderators: Alberto Feletti, Raja Krishnankutty, Kostadin		
Time	Speaker	Topic
14:45-15:30		FHU Alumni Round Table Discussion
15:30-17:30		BREAK (VISIT FHU Bantane Hospital)
Session 12: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers		
Chairs: Dr. Sandeep and Prof. Raja.		Commentators: Dr. Giovanni Raffa and Prof. Maruf (12 min Talk time + 3 min Q&A)
Time	Speaker	Topic
17:30-17:45	Mehmet Zileli	How To Prevent Operating Films, Not the Patient?
17:45-18:00	Eiichi Suehiro	Japanese treatment strategy for severe head injury in a super-aging society
18:00-18:15	Felix Göhre	Microneurosurgery - Preoperative Planning for Specific Vascular Lesions
18:15-18:30	Gleb Danilov	Using Artificial Intelligence to Study Micromotions in Neurosurgery
Session 10-2: On-site symposium (Conference room: 4th Floor of Main Building): 1H		
Chairs: Dr. Sandeep and Prof. Raja		Commentators: Dr. Giovanni Raffa and Prof. Maruf (12 min Talk time + 3 min Q&A)
Time	Speaker	Topic
18:30-18:45	Yasuhiro Yamada	The usefulness of endoscopic surgery for posterior fossa lesions
18:45		End of Day 3

11th February 2025 (Tuesday)

Program	
0830-08:50	Gathering at the Otobashi Station
08:50-17:00	Excursion (Gamagori see side) one hour bus trip
12.45pm-12.53pm	Lunch session presentation by NP Mai Okubo on "Nurse Practitioners in Japan: Roles and Contributions in Neurosurgery"
12.55pm-13.03pm	Lunch session presentation by NP NP Chisato Fuseya on "The current situation of Nurse Practitioner in Japan"
END OF DAY 4

8th Fujita Bantane Winter Seminar

February
8th-13th
2025

12th February 2025 (Wednesday)

Date	Speaker	Topic/Program	
Session 13: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers			
Chairs: Prof. Alberto and Dr. Petra		Commentators: Dr. Kapil and Dr. saiKalyan Savarapu (12 min Talk time + 3 min Q&A)	
Time	Speaker	Topic	
07:30-08:00		Registration and housekeeping announcement	
08:00-08:15	Toma Spiriev	Skull base anatomy using 3D models	
08:15-08:30	Duysenbi Serick	Treating Cerebral AVMs in Hybrid Method	
08:30-08:45	Hiroki Morisako	Endoscopic approaches for trigeminal schwannoma	
08:45-09:00	Mynzhylky Berdikhojayev	Brain complex aneurysms endovascular treatment	
Session 14: FHU Alumni symposium (Conference room: 5th Floor of Conference Building): 4 H			
Chairs: Prof. Ishu and Prof. Ittichai		Commentators: Dr. Petra and Prof. Alberto (12 min Talk time + 3 min Q&A)	
Time	Speaker	Topic	Live Surgery
09:00-09:15	Thomas Tommy	Introduction to endovascular intervention: Basic principles and technique	Live Surgery (Pre-op case discussion)/ Live IVR Cases (1 case)
09:15-09:30	Sandeep Talari	My cerebrovascular surgery journey after fellowship in Fujita- hits and misses	
09:30-09:45	Mohd. Ahmed Ansari	Unilateral biportal endoscopy - Tricks and nuances	
09:45-10:00	Mohira Jalolova	TN caused by pial AVF	
10:00-10:15	Tushit Mewada	Ruptured Complex Aneurysms: Endovascular Management Techniques	
10:15-10:30	Petra Wahjoepramono	The use of USG instead of C-Arm in spine surgery	
10:30-10:45	Liew Boon Seng	Hemodynamic study in bifurcation MCA aneurysms	
10:45-11:00	Raja Krishnankutty	Clippology in LMICs - A Fine Balance between the Choice of Clips and Line of Closure	
11:00-11:15	SaiKalyan Savarapu	Good Bad Ugly of ruptured Aneurysms. - management strategies for beginners	
11:15-11:30	Alberto Feletti	Flexible endoscopic aspiration of intraventricular hemorrhage	
11:30-11:45	Huy Pham	Maternal and Perinatal Factors Associated With Childhood Brain Tumors: A Case-Control Study in Vietnam	
11:45-12:00	Maruf Matmusayev	Extended Endoscopic Transsphenoidal Surgery for Craniopharyngiomas	
12:00-12:15	Jeremy Omoro	Management of Hemorrhagic Stroke in Subsaharan Africa - The Kenyan Experience	
12:15-12:30	Ishu Bishnoi	Trigeminal neuralgia Microvasculr decompression - what to look for while selecting case for MVD?	
12:30-12:45	Ittichai Sakarunchai	Surgical management of spinal dural AVF	
13:00-14:00	Lunch Break

8th Fujita Bantane Winter Seminar

February
8th-13th
2025

12th February 2025 (Wednesday)

Date	Speaker	Topic/Program
Session 15: Special online Lecture(Conference room: 5th Floor of Conference Building): 15 min		
13:45-14:00	Tsuyoshi Izumo	Fundamental techniques of carotid endarterectomy
Session 16: YNS Presentation (Conference room: 5th Floor of Conference Building): 2H 24 min		
Chairs: Dr. Petra and Dr. Thomas Tommy		Judges: Prof. Ittichai, Dr. Huy Pham, Prof. Raja and Prof. Ishu (6 min Talktime + 2 min Q&A)
Time	Speaker	Topic
14:00-14:08	Ben Ng	Surgical management of intraorbital Ischwannoma in a minimally invasive era- a retrospective study versus traditional approach
14:08-14:16	Mulhati Simba Abdalla	Trigeminal Neuralgia as a Symptom of Chiari 1 Malformation
14:16-14:24	Nadiah Ahmad Fuad	Pediatric Basilar Artery Aneurysm: Surgical decision-making and technical nuances for optimal management - A case report
14:24-14:32	Meng Ying	Neurologic Applications of Therapeutic Focused Ultrasound
14:32-14:40	Suganth Suppiah	Methylation based classification of nerve sheath tumors predict progression free survival
14:40-14:48	Viktoriia Kuts-Karpenko	Firearm Craniocerebral Injuries: The personal experience of neurosurgeons from Lviv, Ukraine
14:48-14:56	Filippo Andrea Sinosi	Complex dural sinus malformation
14:56-15:04	Giulia Meccaeiello	Magnetic Resonance-Guided Laser Interstitial Thermal Therapy (MRgLITT) for Paediatric Intracranial Cavernous Malformations: A Case Series and Review of the Literature
15:04-15:12	Abhishek Chandra	Cranioplasty: autologous vs artificial; an institutional experience
15:12-15:20	Danny Halim	Age-Modified and Point-Modified Intracerebral Hemorrhage (ICH) Scores are More Reliable Alternatives to the Original ICH Score for Indonesian Patients: A Retrospective Cohort Study at a Tertiary Center in Indonesia
15:20-15:28	Milap Parmar	Cranio-vertebral junction anomalies: Management, Outcome and complications. Our experience of 140 cases at a tertiary care centre in India
15:28-15:36	Muhammad Kusdiansah	Building Foundation & Bridging Lives: 3 years Experience and Future Plan From The Indonesian Stroke Care Transformation Initiatives
15:36-15:44	Mallappa Huggi	Challenges in clipping a post coiled aneurysm
15:44-15:52	Srawant Kotta	Dimsum- A case of giant colloid cyst
15:52-16:00	Martin Trandzhiev	Interactive Visualization of Intracranial Venous Anatomy Using Photorealistic 3D Models in Virtual Reality
16:00-16:08	Aderaldo Costa Alves Jr	Advantages of hybrid cerebrovascular and endovascular Neurosurgery training
16:08-16:16	James Kiuluku	Heparin use in aneurysmal Subarachnoid Hemorrhage
Session 17: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers		
Chairs: Dr. Tushit and Dr. Sandeep		Commentators: Prof. Ittichai and Prof. Raja (13 min Talk time + 2 min Q&A)
Time	Speaker	Topic
16:30-16:45	Mehmet Zileli	Philosophy of minimally invasive spine surgery
16:45-17:00	Haruhiko Kishima	Therapeutic efficacy of adaptive DBS for Parkinson's disease'
18:00-21:00	Farewell Dinner Award Session Master of Ceremony: Prof. Raja, Dr. Mohira, Award Presenters: Prof. Alberto and Prof. Yoko Kato	
21:00	End of Day 5

8th Fujita Bantane Winter Seminar

13th February 2025 (Thursday)

Date	Speaker	Topic/Program	
Session 18: Online symposium (Conference room: 5th Floor of Conference Building) 4 speakers			
Chairs: Dr. Mohira and Prof. Raja		Commentators: Prof. Ishu and Dr. saiKalyan Savarapu (12 min Talk time + 3 min Q&A)	
Time	Speaker	Topic	
07:30-08:00		Registration and housekeeping announcement	
08:00-08:15	Hyeun-Sung (Harrison) Kim	Current and future of enodoscopic spinal surgery	
08:15-08:30	Hyeun-Sung (Harrison) Kim	Full endoscopic TLIF (transforaminal lumbar interbody fusion) for degenerative spinal disease)	
08:30-08:45	Jorge Mura	Extradural Minipretemporal Approach MIPLATTTA for Complex Vascular and Tumoral Lesions	
08:45-09:00	Mitsuhiro Mase	Current management of cerebral vasospasm after aneurysmal subarachnoid hemorrhage based on the clinical evidence	
Session 19: On-site symposium (Conference room: 5th Floor of Conference Building): 3H			
Chairs: Dr. Raja and Prof. Ishu		Commentators: Dr. Kapil and Dr. Thomas Tommy (12 min Talk time + 3 min Q&A)	
Time	Speaker	Topic	Live Surgery
09:00-09:15	Harsan	Pre-Operative Embolization for Tumor and AVM cases	Live Surgery (Pre-op case discussion)/ Live IVR Cases (1 case)
09:15-09:30	Fuminari Komatsu	Endoscopic microvascular decompression for trigeminal neuralgia and hemifacial spasm	
09:30-09:45	Jun Tanabe	Intrasaccular flow disruption with the Woven EndoBridge for wide-neck bifurcation cerebral aneurysm: Initial experience of 120 consecutive cases in a Japanese single center	
09:45-10:00	Waleed Abbass	Surgery of paraclinoid aneurysm, how I do it?	
10:00-10:15	Waleed Abbass	Surgery of posterior circulation aneurysm ,how I do it?	
10:15-10:30	Shayakhmet Makhanbetkhan	Endovascular Revascularization in ICA occlusions: case series	
10:30-10:45	Shahnawaz Bari	How to treat a patient with multiple incidental cerebral aneurysms	
10:45-11:00	Dr. Shiho Tanaka	A Nonagenarian Patient with Acute Internal Carotid Artery Occlusion Presenting as TIA: How to Manage?	
11:00-11:15	Dr. Koutaro Kihara	The risk factors for chronic subdural hematoma after clipping for unruptured intracranial aneurysms at our institution	
11:15-11:30	Dr. Afsal Sharaf	Understanding how basal Cisternostomy works in severe TBI- it's Advantages and Disadvantages	
Session 20: Feedback session (Conference room: 5th Floor of Conference Building): 45 min			
11:30-12:30	Feedback Session		
Closing ceremony (Conference room: 5th Floor of Conference Building)			
Master of ceremony: Prof. Raja, Prof. Alberto			
12:30-13:00	Prof. Yoko Kato	1. Closing speech 2. Short speech by the FHU Alumni’s representative 3. Short speech by the YNS’ representative

Excursion

The heartbeat of
nature
Can be enjoyed
An open moment

Looking at the superb view of Mikawa Bay and Takeshima in front of you,
You can enjoy the feeling that the hot spring, which seems to be connected to
the sea, is integrated with nature.

"Whitening Spring", which is said to be a "beauty hot water" that is gentle on
the skin,

This hot spring is especially recommended for those who want white skin.
The sound of the sea breeze and waves, a pleasant warm hot spring... Please
enjoy the bath that you can enjoy with your five senses.

Day trip bathing

Time of use	12:00-16:00 (Reception closes 15:00)
Charges and equipment	1,600 yen per person (tax included) with a tea ticket ※The same price will be charged for those over 5 years old. Free bath towel rental and 1 face towel for 220 yen (tax included) are available.
